Edgeworthia chrysantha 'Gold Rush'

Edgeworthia chrysantha 'Gold Rush' (syn. *Papyrifera*) (Paper Bush)

WILD DRAGON™ SERIES

Height: 2.0m (7 ft.) USDA Zone: 7 Landscape use: Solitary or Grouping.

Elegant, deciduous shrub with stout stems, yellow-brown bark, large, ornamental leaf scars and long, narrow, lime-green, tropical-looking leaves. Fragrant, yellow, Daphne-like flowers appear in March before the leaves. Used commercially to produce currency paper; entire plant is used in Chinese medicine. Selected and introduced by Piroche Plants, 1991. (Southern/Central China and Japan)
