## Fraxinus excelsior Westhof's Glorie

### **Fraxinus excelsior Westhof's Glorie**

Mature Height: 8m Width: 4m USDA Zone : 4

Narrow when young, later round-headed. Dark green foliage. Developed for its reliable performance - suitable for urban situations.

Any well-drained soil. Really superb and tough tree which will survive in most situations. One of the most tolerant of all trees to wind exposure.
